

## Landmark™ Silver Birch

roofing shingles can reduce the temperature of your roof during the hot summer months. A cooler roof means your air conditioning system doesn't work as hard — and that translates to lower energy bills for the life of your roof.

# the best value under the sun

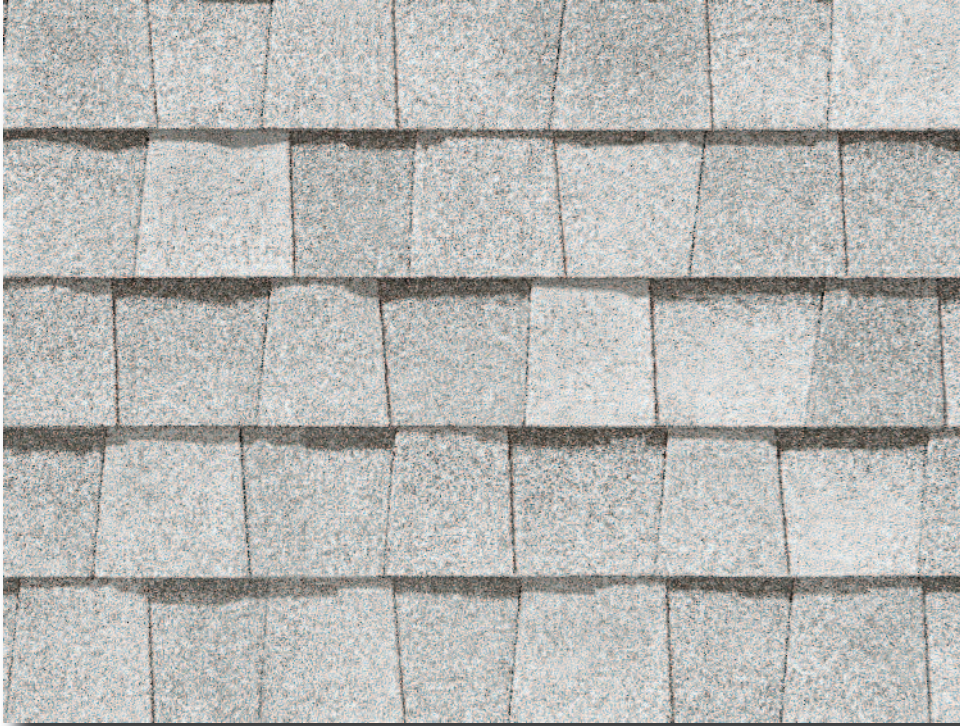

ENERGY STAR® rated products qualify for federal tax credits, so you can save up to \$1,500 on the cost of attractive and durable CertainTeed shingles.

**CertainTeed**  
SAINT-GOBAIN

## CertainTeed ENERGY STAR® Rated

The best value under the sun – in addition to the cool roof benefits of Landmark™, this product offers an exceptional value in traditional CertainTeed roofing protection, durability and selection.
