**Attic  
Ventilation**

*Protect Your Roof  
From Premature Deterioration  
By Providing Effective*

# Attic Exhaust Ventilation

Effective attic ventilation is critical for a long-lasting roof! A properly balanced attic ventilation system will help to:

- Remove excess heat and moisture to protect your roof from premature deterioration
- Prevent roof rot in your attic or roof deck
- Minimize peeling and extend the life of exterior and interior paint
- Limit the growth of harmful mold
- Safeguard your attic possessions against mildew damage
- Guard against ice damming in harsh winter climates
- Possibly reduce excessive heating and air conditioning costs

Cobra<sup>®</sup> Ridge Runner<sup>™</sup> exhaust vent is a key part of the GAF-Elk Smart Choice<sup>®</sup> Roof System Solution, and has even earned the prestigious Good Housekeeping Seal (see reverse).

*Stale Air Escapes Through  
Cobra<sup>®</sup> Ridge Runner<sup>™</sup>  
Exhaust Vent (Installed  
Under Ridge Cap  
Shingles)*

*Fresh Air Enters  
Attic Through  
Intake Vent At  
Soffit Or Eave*
