**Exhaust Vent** for Roof Ridge

Learn about  
**Attic  
Ventilation**

*Protect Your Roof  
From Premature Deterioration  
By Providing Effective*

# Attic Exhaust Ventilation

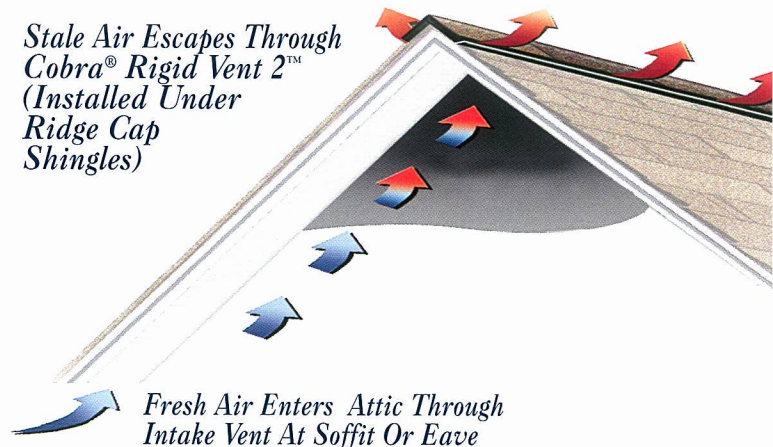

Effective attic ventilation is critical for a long-lasting roof! A properly balanced attic ventilation system will help to:

- Remove excess heat and moisture to protect your roof from premature deterioration
- Prevent roof rot in your attic or roof deck
- Minimize peeling and extend the life of exterior and interior paint
- Limit the growth of harmful mold
- Safeguard your attic possessions against mildew damage
- Guard against ice damming in harsh winter climates
- Possibly reduce excessive heating and air conditioning costs

Cobra® Rigid Vent 2™ exhaust vent is a key part of the GAF-Elk Smart Choice® Roof System Solution, and has even earned the prestigious Good Housekeeping Seal (see reverse).

*Stale Air Escapes Through  
Cobra® Rigid Vent 2™  
(Installed Under  
Ridge Cap  
Shingles)*

*Fresh Air Enters Attic Through  
Intake Vent At Soffit Or Eave*
